Previous Terminology	Revised Terminology	Definitions (What it means for you?)
<i>Approved</i>	Approved	The protocol is completely approved by the Committee. It requires no changes.
<i>Pending</i>	Pending on modifications to secure approval	Modifications or clarifications are required before granting approval.
<i>Deferred</i>	Withhold approval	The Committee determines that a proposed protocol has not adequately addressed all the requirements it will withhold the approval. Reasons will be provided and time for you to respond. It will be re-review by full committee unless it was previously determined to be revised by Designated Member Review Process (DMRP).
<i>Not Approved</i>	Not Approved	The proposed protocol has not addressed any of the PHS Policy and AWA requirements.

Revised in a conveyed meeting on June 10, 2016.
